 336.688.3966 phone; 336.293.1703 fax
 gthompson@vervelivingsystems.com
 www.vervelivingsystems.com
 Verve™ Living Systems is a manufacturer of a new control system that enables wireless control of lighting, temperature, and energy costs in residential and logging spaces. The Verve system simplifies the construction process and gives greater flexibility and control over cost by reducing the amount of time and materials needed for installation. And because its devices are wireless and battery-less, the Verve system opens the door to greater design possibilities not available before today.

MICHAEL GRAVES & ASSOCIATES

MICHAEL GRAVES DESIGN GROUP

Michael Graves & Associates, Inc.

Mark A. Sullivan, Senior Associate
341 Nassau St., Princeton, NJ 08542
609.924.6409 phone
msullivan@michaelgraves.com
www.michaelgraves.com

Michael Graves & Associates has been in the forefront of architecture and design since its founding in 1964. Today, the practice is comprised of two firms – Michael Graves & Associates (MGA), the planning, architecture and interior design practice, and Michael Graves Design Group (MGDG), the product design, graphic design, and branding group. Our highly integrated, multidisciplinary approach offers many efficiencies and strategic advantages to our clients. We collaborate to design projects that enhance human experience at every scale - from the built environment to the objects in a room. We work closely with many universities and colleges to create master plans, residential & dining facilities, classrooms, science & research buildings, and libraries. These projects include new construction, additions and renovations. It is our mission to provide clients around the globe with innovative design solutions that are functional, sustainable, sensitive and beautiful.

URS Corporation
